

The Acorns Primary and Nursery School PE Sport Grant Awarded 2024-2025

The Acorns Primary and Nursery School are a **Platinum** School Games school after 5 years of consecutive Gold Awards.

We also continue to achieve a **Gold Rating** in the Department for Education Healthy Schools Rating Scheme. We have achieved this by adopting rigorous systems to ensure pupils are offered the best guidance, opportunities, and support to make healthy choices and to succeed well, not only in Physical Education lessons, but as a healthy individual. We are an active school: we ensure PE lessons are active and of a high quality.

Pupils are offered a wide range of after-school clubs, and we ensure there are multiple opportunities across the school day for every child to be active for at least 30 minutes. We also continue to educate our children to live safe and healthy lifestyles, whilst providing exciting opportunities to engage and inspire them within sport.

Our Vision for 2024-2025: To empower our young people to 'be the best they can be' in the roles they play in school. This will involve inspiring our young people and informing them of possible future education and career opportunities within sport. We will also ensure that pupils with SEND, disadvantaged pupils and girls have equal opportunities to access a wide range of sporting activities across the year, with further opportunities to participate in events and competitions.

Schools must use the funding to make **additional and sustainable improvements** to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated [Primary PE and sport premium guidance](#).

Review of last year's spend and key achievements (2023/2024)

| Activity/Action | Impact | Comments |
|--|---|--|
| Chance to Shine Cheshire Cricket Project | 4 class sessions, plus lunch time and ACSs for 6 weeks provided pupils with an excellent introduction to the sport of cricket. This was in addition to their PE lessons. Pupils engaged well and vastly improved their thoughts and feelings towards the sport, as well as their skill and knowledge in and of the sport of cricket – pupils and parents were directed to a local evening cricket session at a local high school | We will be looking to run this project again next year for 4 more classes in Summer Term |
| Number of Sports Competitions attended | 25 competitions and events across the year is a huge amount. This is an increase of 8 from last year. This allowed over 230 pupils to engage in a range of pathways into sport. | Now we know we have capacity to attend so many events, this can be something we aim to do each year |
| SEND provision | 62% of these were pupil premium eligible, while 12% were pupils with SEND | Provision for pupils with SEND in PE is of high priority. Curriculum documentation sets out adaptations we can use and we have many areas of support from outside agencies |
| Stronger leadership through working with link governor | The number of pupils who attended sports events (25), and the proportion who attended ASCs regularly (9%) is a cause for celebration. Pupils felt proud to represent and had access to games they had never played before, such as NAK and boccia | |
| Young Leaders to become more engaged leaders | | |
| Platinum Award Achieved! | Our link governor is an employee of Active Cheshire, so extremely experienced in this field. He has attended twice this year to look at documentation, budgets and to speak to our young leaders. Both visits have been extremely worthwhile, and he has suggested some things we will take further Our young leaders have worked hard to improve our playgrounds. They have created areas of activity and have worked well to organise equipment and support pupils This year, we achieved a Platinum sports mark! This is a result of gaining Gold for 5 straight years and for demonstrating our constant drive to improve school physical and mental well being | Our link governor will visit termly and have a different focus each term – next years' priorities will be: quality of PE lessons; adaptations for SEND; pupil view of competition/events Young leaders will continue to work with the sports lead. They will focus on running lunch and ASCs next year, with particular focus on Dodgeball! |

Swimming Data

Meeting National Curriculum requirements for swimming and water safety.

Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study

| <u>Question</u> | <u>Stats:</u> | <u>Further context</u> <u>Relative to local challenges</u> |
|---|----------------------|---|
| What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres? | | |
| What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke]? | | |
| What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations? | | |
| If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this? | | |
| Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety? | | |
